

The Ecometry Specialists!

Odin Technologies has been providing third party support to Ecometry customers for over 10 years. We are a proven leader in the industry, working exclusively with the Ecometry software. Our staff understands the day to day operation of an Ecometry shop, because we have been end users at some of the biggest and best Ecometry catalogers out there. This practical, real-life knowledge gives us an edge over our competitors.

Your company demands the best qualifications and experience in order to survive this economy. You require assistance provided by people who understand technology and business. Odin understands what it feels like to need an answer yesterday only to receive an email, "Someone is working on it. We will get back to you." With Odin Technologies help is always just a phone call away.

Some of the services Odin Technologies can provide:

- **HP3000 & SQL Services** - Whether it is an Image dB or SQL and open systems, we have you covered.
- **SUPPLEMENTAL SUPPORT** - We can provide you with month-to-month, quarterly and yearly support contracts for all of your Ecometry needs.
- **CUSTOM PROGRAMMING** - We specialize in Ecometry to legacy interfaces.
- **MIGRATION SUPPORT** - We can provide you with extra resources for your migration project, from project management to migrating your custom programs over.
- **ACCOUNTING SUPPORT** - Working jointly together with GTS, we can provide your company with outstanding accounting help.
- **EDI DESIGN & SUPPORT** - Whether you need to send orders out or take them in, we can provide you with a solution for your EDI needs.
- **RFM ANALYSIS & TRAINING** - Recency, Frequency and Monetary Value; If you don't know the ABC's of direct marketing, let us train your staff.
- **INTERNAL BUSINESS AUDITS** - Whether you have been using Ecometry for 10 years or are brand new, let us document your utilization of the system and make recommendations.
- **TECHNICAL WRITER** - Not enough time to document all those I.T. processes and procedures? Let Odin Technologies do it for you.
